GULF AND FRASER FISHERMEN'S CREDIT UNION

2021 ANNUAL REPORT

Governance Report

The year 2021 was an exciting year of new partnerships for our credit union! Aldergrove Credit Union members voted in favour of merging with G&F Financial Group which came into effect in August. We also were invited by V.P. Credit Union of Vancouver and Mount Lehman Credit Union of Abbotsford to pursue a partnership, and their memberships both voted in favour of merging at the close of the year. Following the merger with Aldergrove Credit Union, we welcomed their 17,000 members and 100 employees to our credit union family and added seven branches in the Fraser Valley. With the opening of our Fraser Street Branch in Vancouver, our branch network totaled 24 locations at year end.

The Board of Directors (The Board) demonstrate a standard of progressive corporate governance committed to the continuous evolution of their oversight practices enabling a standard of governance excellence. The Board envisions the credit union becoming the primary source of, and first choice for, financial products and services for our members through service excellence. As Directors and as a Board, this vision will be achieved through continuous improvement and professional development.

The Board continues to strengthen board and individual director development ensuring that their knowledge and skills are relevant to our dynamic industry. During 2021, the Board initiated a number of education sessions including Cybersecurity and Diversity, Equity and Inclusion. Also in 2021, Directors represented G&F Financial Group through various events such as the Central 1 Annual General Meeting, CUA National Conference, World Credit Union Conference, and a variety of courses through the Institute of Corporate Directors. A number of Directors have also achieved or are in the process of achieving their ICD designation. The Board of Directors also have industry subject matter experts present on a variety of current and emerging topics ensuring the directors remain well informed.

During the summer of 2021, the Board of Directors provided oversight and participated in the strategic planning process. In the fall, the Board reviewed the three-year strategic plan with management to reaffirm key priorities, organizational goals and commitments to allow the Credit Union to continue to grow and provide exceptional service to our members.

The Board is committed to adopting processes and policies to ensure transparency and accountability in decision-making, ethical business practices and a commitment to community and social development. They hold themselves accountable, both as Directors and as a Board, for adhering to the highest standards of Board professionalism and performance.

BOARD OF DIRECTORS

Mandate

PURPOSE

Directors are responsible for representing the collective interests of the membership. This is accomplished by providing oversight over the affairs of the Credit Union. Directors must ensure that they carry out their responsibilities in accordance with established standards and applicable legislation. This includes completion of all information requests, disclosures, and other requirements as mandated by legislation. Directors are individually accountable for the decisions of the Board.

In representing the collective membership of the Credit Union, there are four primary areas of responsibilities:

- Diligence in performing their Directors' function
- Overseeing prudent risk management and safeguarding of members assets
- CEO Performance & Selection
- Strategic Planning Oversight
- Loyalty to the Credit Union, its' membership and anyone affected by decisions of the Board and the activities of the Credit Union

ROLE OF THE DIRECTOR

The role of a Director includes:

- Representing the collective membership and governing the Credit Union within the framework of relevant legislation and regulations;
- Monitoring and providing oversight over the Credit Union's affairs on behalf of members;
- Providing policy direction to ensure preservation of the collective best interests of the membership;
- Participating in the setting of strategic direction, ensuring allocation of adequate human and financial resources;
- Promoting the Credit Union within the community; and
- Providing oversight and monitoring of the Credit Union on behalf of its' members.

The Board derives its authority as a group, through the Board, not as individual Directors, and as individual Directors they have no legal authority to act on behalf of the Credit Union except when the authority and responsibility for a specific task is delegated by the Board.

MEETING ATTENDANCE

The Board recognizes that to carry out their Directorship responsibilities effectively, they must be committed to attending and being prepared for all Board meetings and meetings of those Committees of which they are members. Directors are expected to review all meeting material and prepare in advance for each meeting, rather than relying on the opinions of others. If anything is unclear, clarification and explanation should be sought from the applicable resource person prior to the meeting.

Composition

In accordance with our Rules, the Board is comprised of no fewer than nine (9) Directors, with each Director elected for a three-year (3) term to a maximum of four (4) consecutive terms. Directors are elected by democratic process where members vote in accordance with our Rules with the results being announced at the Annual General Meeting.

The Election Committee has oversight responsibility for Director nominations and the election of Directors.

Following the successful merger of Aldergrove Credit Union (ACU) and G&F an additional five (5) Directors were appointed to the G&F Board. The Selection Committee assessed what skills and attributes would be required and put forth a motion to recommend five (5) Directors be appointed to the G&F Board of Directors, one for a 1-year term, two for a 2-year term and two for a 3-year term. Following confirmation of the Selection Committee's recommendation, the G&F Board of Directors voted on the resolution and confirmed the appointment of the five (5) ACU Directors to the G&F Board, in addition to the appointment of the Vice Chair, bringing the total number of Directors to fourteen (14).

The Governance, Compensation and Human Resources Committee have recommended an approach to compensation for the CEO's Office that the Board has approved. The CEO's compensation comparator group is drawn from the Canadian credit unions who align with our asset size and operate in a similar market for remuneration. The Co-CEO salary range is established based on the 25th percentile for the comparator group as described.

BASE SALARY

Base salary is determined for the CEO's Office by the Board of Directors and is reviewed annually. Any changes to base salary applies equally to the Co-CEO's. Base salary progression is based on a pay for performance philosophy. Anticipating the merger with Aldergrove Credit Union a comprehensive review of the Co-CEO's total compensation was reviewed and based on the compensation philosophy, the asset size of the combined credit union, and complexity of business the Co-CEO's base salary for 2021 was increased to \$425,726.08 following the merger.

The salary range is reviewed by the Board of Directors at least every three years to ensure it remains market competitive.

INCENTIVE PROGRAM

The total compensation package for the Co-CEO's includes a base salary in line with the median of the designated comparative group and a target short and long-term incentive program designed to reward the achievement of annual and longer-term organizational performance objectives.

The Co-CEO's participate in the Management Short Term Incentive Plan (STI Plan) that rewards performance against a predefined set of objectives that are reviewed and approved annually by the Board of Directors. The plan is designed to ensure that we are not incenting behaviours which would create risk for our members or the sustainability of G&F.

The metrics under the plan consider member and employee engagement with G&F, the operational efficiency, financial performance, achievement of business initiatives and asset growth that together provide a balanced approach to assessing organization success. Payments under the STI Plan are contingent on achieving a threshold level of performance. The performance results are determined for the CEO's Office and shared equally by the Co-CEO's. Maximum payout is 40% of base salary. For 2021 performance, each CEO's STI Plan was \$164,831 which represents 40% of salary.

Anticipating an approved merger with Aldergrove Credit Union the Board engaged a 3rd party consultant to review best practices in compensation design for Executive position in comparable credit unions. The goal was to review total compensation and provide a comprehensive package that was market competitive. In the absence of

the Long-Term Incentive plan and anticipating a compensation review the Board of Directors approved a one-year Interim Plan for the Executive to ensure that the Executives opportunity for compensation remained whole. The CEOs were each paid \$82,415 for successfully completing the strategic goals and financial hurdle. In the future the CEO's will be eligible to participate in a market competitive Short-Term Incentive plan.

Any amount in excess of their RRSP limit is accrued into a Supplementary Executive Retirement Plan (SERP). The SERP was introduced on January 1, 2017 for the Co-CEO's and provides for the benefits in excess of the *Income Tax Act* maximum.

OTHER EMPLOYMENT TERMS

The Co-CEO's employment contract stipulates that if their employment is terminated for cause, no notice, salary, benefits or bonus are owed to them.
